Infection prevention and control measures— Covid19

<https://www.inspq.qc.ca/sites/default/files/covid/2902-gestion-cas-contacts-communaute-covid19.pdf>

IN THE LAST 14 DAYS:

<ul style="list-style-type: none">Are you currently in mandatory isolation period?	YES	NO
<ul style="list-style-type: none">Do you have flu-like symptoms? Fever, cough, breathing difficulties,OR a sudden loss of smell without nasal congestion, with or without loss of taste?OR at least two of the following symptoms: muscle pain, headache, extreme fatigue, severe loss of appetite combined with a sore throat or diarrhea?	YES	NO
<ul style="list-style-type: none">Have you been in close contact with someone who traveled outside Canada and his/her mandatory isolation has not ended ?	YES	NO
<ul style="list-style-type: none">Do you live under the same roof or do you have intimate relations with a confirmed Covid19 person and his/her mandatory isolation period has not ended?	YES	NO
<ul style="list-style-type: none">Did you provide body care service in a non-medical setting for a confirmed Covid19 case (e.g.at home)?	YES	NO
<ul style="list-style-type: none">Did you have direct contact with infectious body fluids of the person? (e.g. you have received sputum on the face when people have coughed or sneezed, etc.)	YES	NO
<ul style="list-style-type: none">Were you in a prolonged contact (at least 15 minutes or according to the risk assessment) and less than 2 meters without protection (mask) with a confirmed Covid19 case?	YES	NO

You answer " NO" to all of these questions:
the acupuncturist can proceed with the treatment.

- Wash your hands according to the instructions:
 - when entering and leaving the clinic.
 - after going to the toilet.
- Wear a mask.
- Maintain a 2-metre distance in the waiting room.
- Pay attention to the instructions given by the acupuncturist.
- Implement the following the hygiene and respiratory etiquette measures:
 - cough or sneeze into your elbow.
 - throw the tissues in the trash.
- wash your hands after a risk of contact with respiratory secretions or saliva.
- Avoid touching unnecessary objects and moving around the clinic.

You answer "YES" to one of these questions:
the acupuncturist cannot proceed with the treatment.

- Reschedule your appointment.
- Wash your hands according to the instructions.
- Wear a mask.
- Return to your home.
- Contact 1 877 644-4545

I hereby declare that the above information is true and correct and I agree to apply the infection prevention and control measures indicated above. I agree to inform the acupuncturist of any change in my condition related to COVID .19—VERBAL VALIDATION AT EACH VISIT p.2.
